

Getting Started:

Are you a fun guy who likes to make art with mushrooms? Now you can create your own design with the help of some common fungi. It's time to get crafty!

- Sheet of paper
- Mushroom
- Glass Bowl or container to cover the mushroom
- Art supplies to decorate

Top Tip
We recommend using a Portogbello with a large surface area

What To Do:

1. Choose your mushroom, we recommend a Portobello with a large surface area.
2. Cut off the stipe, or stem of the mushroom.
3. Place the mushroom gill side down on the paper, and cover it with your bowl.
4. Leave for 2 hours or more.
5. Come back to reveal your spore print!
6. Get creative with some art supplies to decorate your spore print!
