

## Stone Footprint

To create Stone footprint you will need:  
glue, cardboard, tissue, paper, sand, tray and a pencil

**Step 1**  
Take the cardboard, draw around your foot and cut it out. On another piece of cardboard draw around the foot shape.

**Step 2**  
Glue your two cut-out feet on top of each other and then onto a third piece of cardboard. Cover the whole thing with glue.

**Step 3**  
Cover everything with tissue paper. Scrunch the tissue paper into balls to make the toes. Paste glue on the tissue paper.

**Step 4**  
Place your picture into a tray and cover with sand. Shake off excess sand.

You can make other shapes as well
