HOW TO

- 1 Ask a grown up to help you cut out the Broccolisaurus stencils.

- 3 Cut out all the shapes again on the cardboard, following the stencil.
- 4 Carefully cut small slits in the body where each pair of legs will be attached.
- 5 Similar to the previous step, cut small slits on both pairs of legs.
- 6 Push them gently into place on the cardboard to ensure they are secured. Now the Broccolisaurus is ready to play!
