

**15-May-2026**

**Angelos Frangopoulos, Chief Executive Officer, GB News Limited,**

GB News is Britain's Number One news channel. We have achieved this by challenging the narrative of the establishment media which sees journalists serving journalists and not the people of the United Kingdom.

GB News is regulated by Ofcom, not politically motivated media rivals. GB News takes its responsibilities as a regulated broadcaster seriously and operates in compliance with the Ofcom Broadcasting Code.
