

“Brighter Super builds portfolios to meet the investment needs of our members.

“We are transparent about how we allocate assets within these portfolios. The criteria for the Socially Responsible investment option is clearly outlined in the Fund's Investment Choice Guide which is available on our website.”

“Our socially responsible options are actively managed portfolios invested through external funds managers.

“Both Brighter Super and the managers are involved in setting extensive screens to exclude specific companies. We monitor the screens and are notified if breaches occur.”
