

Make with Peppa!

Make a Garden

Lighthouse!

You will need

- 2 ceramic flower pots one approx 11cm high and another slightly bigger.
- flower pot saucer.
- red, white and blue paint
- empty glass jar
- glow sticks
- child-safe PVA glue

Make Grampy Rabbit's lighthouse to light up your garden!

1

Start by painting your plant pots half in red paint and half in white.

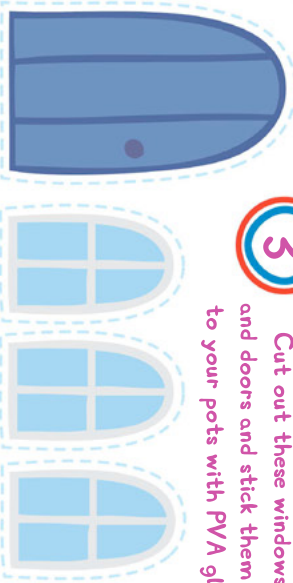

2

When they are dry, turn them upside down and stack them. The small pot on top of the big pot. Paint your saucer with blue paint.

3

Cut out these windows and doors and stick them on to your pots with PVA glue.

4

Take your saucer and stick it on top of the lighthouse using PVA glue. Finally, pop a jar of yellow and orange glow sticks on the top!

No glowsticks?

If you don't want to use glowsticks, try using a battery powered spotlight inside a jar!

Top Tip!

Brush a layer of PVA glue over your lighthouse to make it weather-proof!
