

MAKING FLOWER FASHION!

GETTING STARTED:

Who doesn't love flowers? How about making some spectacular flower fashion and putting on a flower fashion show? You could make anything from a flower crown to a flower necklace, the choice is yours!

- Flowers that dry well like everlasting daisies
- Soft wire and pipe cleaners.

WHAT TO DO:

1. Choose what you want to make! To make a simple flower crown, twist together long pieces of wire into a crown shape. Make sure it'll fit you!
2. Push flowers through the gaps in the wire to secure them onto the crown. You can add some glue if you need extra security.
3. To make a flower necklace, cut up soft pipe cleaners and create a chain of loops.
4. Push flowers through the gaps in the chain to secure them onto the necklace. You can add some glue if you need extra security.
5. Now you're ready to hit the runway, don't forget to play some fun music and strike your best pose!

Top tip!
Choose your
funnest outfit
to suit your
flower
fashion!

Time to slay the runway!

Invite your friends and family to be in your fashion show!
