

Hi Di

Thanks for the opportunity, we will decline the opportunity of an interview.

The comment below can be attributed to a Woodside spokesperson:

Woodside takes its responsibility to behave ethically and transparently very seriously. Subscriptions to political networking forums and fees paid to attend political events are disclosed on an annual basis. Our memberships enable us to participate in debates on relevant policy issues. Woodside views membership of these forums as a transparent and efficient way to engage in the political process.

Kind regards

Michelle
