- Imaginative Play

MOUNTAINS

Make a pair of explorer binoculars!

What you'll need:

- Recycled Carboard Tubes
- String
- Foraged twigs and leaves
- Double-Sided Tape
- Elastic Bands
- Scissors

Watch the Mountains episode on ABC iView

Step by Step:

1. Stick double sided tape onto your recycled cardboard tubes
2. Wrap two elastic bands around the top and bottom of your binoculars
3. Take your twigs and leaves and tuck them under the elastic bands, sticking them against the tape
4. Cut your string and tie to the elastic band to create the strap
5. Go out and explore the world through your new binoculars!
