

# Hello BIRDY

## The Goofy Guide to Birdwatching!

Hello Birdy. Hello Travel. Hello Wild. Hello Fun.

With his offbeat sense of humour and a bizarre bag of tricks, host William McInnes takes viewers on a weird and wonderful journey to observe Australia's incredibly rich and diverse birdlife and the people who work alongside them. From the iconic emu, through to the consummate mimic, the lyrebird, no stone is left unturned, no feather is left unruffled.

From going undercover cunningly disguised in a bird suit, to wearing a giant yellow codpiece, it seems nothing is off-limits to this extreme birdwatcher. He uses a rubber snake to scare off a brush turkey and fends off an oversexed male emu, and the results are hilarious.

When twitcher-extraordinaire William McInnes utters the words "Hello Birdy", get ready to take flight and join him on his madcap quest to reinvent the age-old art of birdwatching.
