Step by Step:

1. Make sure your juice bottles are rinsed out well.
2. Decide which animal you would like to make. Will it be a dolphin, a pig or maybe a cow?
3. Cut out shapes and features of your chosen animal. If it's a cow then cut out its spots. Curl up the pipe cleaners for a pig's curly tail. If it's a dolphin, what will you use for its blowhole?
4. Glue and stick on your animal's features to the juice bottle. The bottle caps can be used for noses and cups can be used for legs.
5. Add final touches with any extra stickers.
6. Show off your new juice bottle animals!
