

KNEE HIGH SPIES

Make your own spy mask!

Join the Knee High Spies on
their action-packed adventures
with your very own spy mask!

Instructions:

1. Print out the spy mask template.
2. Ask a grown-up to help you cut out the mask, including the eye holes and holes for the string (where the dotted circles are).
3. Decorate it however you like (use pencils, markers, glitter - get creative!).
4. Poke a piece of string or ribbon through one of the holes and tie a knot around the edge of the mask. Repeat on the other side.
5. Use the two pieces of string or ribbon to tie the mask around your head.
6. Time to crack some cases!
