Swap and Share

In this series of Play School we invite children and families to explore ways that they can give and receive from others in the community. Old and discarded objects are rehomed and surplus goods passed on to others. The process of swapping and sharing invites us to respond creatively to the challenges of sustainability and opens new connections with others in the community. The Play School presenters and toys enjoy gardening and cooking, making, creating and upcycling. Come and enjoy the chance to swap and share with your Play School Friends!

MAKE AND DO

How to make Crocodile Egg Carton Sprouts

You will need:

- Egg carton cups
- Black stickers
- Cotton wool
- Water sprayer
- Scissors
- Masking tape
- Egg shells

Instructions

Tear a six cup section of the egg carton to make a head for the crocodile. Take two cotton wool balls for eyes and add a black sticker to each cotton wool ball for an eyeball. Attach to the top of the egg carton with masking tape. Tape top of head to the base of the 6 cup carton to make a snapping crocodile head. Place egg shells in the cups of a 12 cup egg carton leaving four empty cups. Place a cotton wool ball gently in each egg shell. To attach the crocodile head to the body place it gently onto the four empty cups. Sprinkle seeds into the egg shell cups and water gently with the spray bottle. When the seeds grow you will have a big hairy crocodile.

How to make An Outdoor Landscape

You will need:

- Large piece of firm paper
- Blue, pink, yellow, green, grey and dark blue and white paint
- Paint brushes
- Plastic plates
- White green and yellow oil pastels
- Water spray bottle

Instructions

Paint a bluey green landscape on the paper. Draw some lily pads using the oil pastel and then colour them in. Use a large brush to paint pale blue watery paint all around and over the lily pad to create a watery pond. Attach painting to a fence before adding grey paint in the sky for the storm coming. Add streaks of white paint for lightening. Squirt water on from the spray bottle to see the rain pouring down.
