

# One Two Threebies!

## Memory Card Game

**Memory madness! The Threebies are hiding! Can you find Boxy, Tri, and Roh in these printable cards, and remember where the matching pairs are hidden?**

### **HOW TO:**

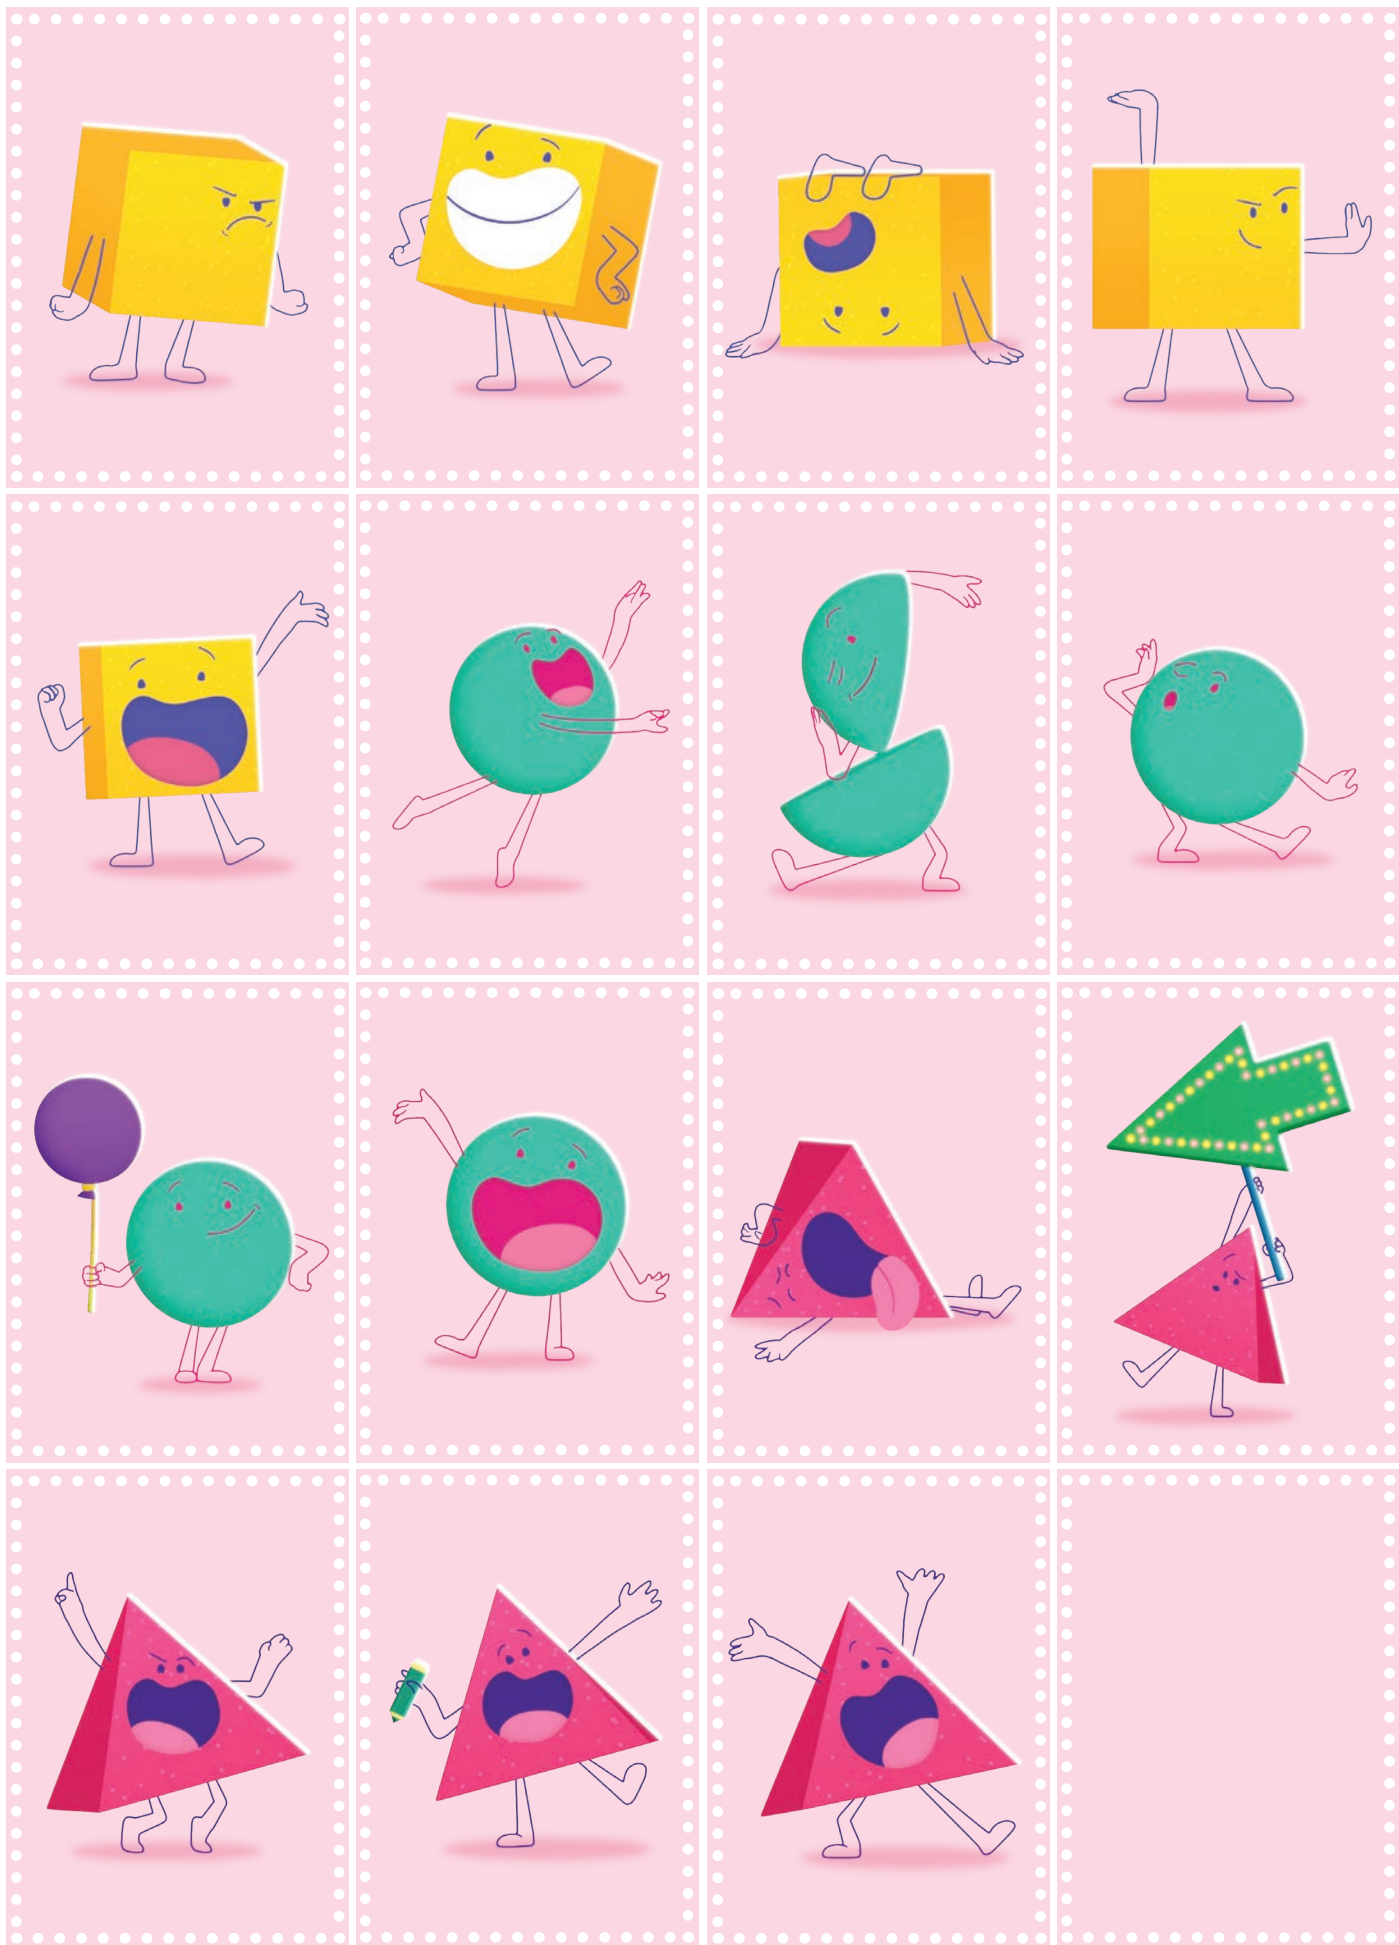

- 1. Print 2 copies of the cards, each double sided with the Threebies on the front and yummy watermelons on the back.**
- 2. Ask a groovy grownup to help you cut out the cards.**
- 3. Do a wiggly dance while you mix the cards around!**
- 4. Put the cards into rows, face down, watermelons up.**
- 5. Pick two cards to peek at. If they are the same, keep them! If they are different, flip them over again.**
- 6. Remember where the cards are so you can find a match. Keep watching while the other player takes their turn, shh!**
- 7. The game ends when all the matching cards are found. The player with the most matching cards wins! Shapetastic!**
