The Adventures of Figaro Pho

Figaro Pho is a warm-hearted, curious and mischievous character. If he had any friends, his personality and beauty would be infectious. Unfortunately Figaro doesn't have any friends other than his robotic dog Rivet. In fact he's afraid of people... all people. And that is just one of his many fears...

This 13 x half hour (39 x 7 minutes) series takes an absurd and comedic journey through the world of a lovable character riddled with phobias.

This property is based on the award-winning shorts that were originally created for ABC TV.
