  4. Carefully cut out your characters and stick the string to the back using sticky tape
  5. Stick your lollypop sticks together with glue to make a square shaped frame
  6. Tie the characters to the frame using the string attached. About half way along each side is good!
  7. Cut four more pieces of string, this time they should be equal in length, approx. 40cm
  8. Tie a piece of string to each corner of the frame
  9. Pull the loose string upwards and towards the centre of the square and tie a knot to keep the mobile hanging at an even level
  10. Use the surplus string to hang the mobile from the ceiling
