COMEDY

Mother and Son

SEASON 2

One house. Two generations.
Zero peace.

The second season of *Mother and Son* delivers more hilarious misadventures as Maggie, the ever-mischievous matriarch, continues to derail her adult son Arthur's attempts to get his life back on track.

From extreme eating challenges to failed dating attempts, this season is packed with laugh-out-loud moments and sharp family dynamics.

6 X 30'
WOODEN HORSE
FORMAT AVAILABLE

With universal themes of ageing, independence, and intergenerational challenges, *Mother and Son* offers a fresh take on modern family life.

Building on the success of Season 1, which was praised for its witty reboot of a beloved classic, this new season continues to explore family dysfunction with warmth and charm, making it perfect for global audiences.

Killer Whale: Australia's Megapod

Nature's most intelligent predator revealed

Narrated by acclaimed actor Richard Roxburgh, *Killer Whale: Australia's Megapod* explores the lives of a powerful orca community off the remote coast of Western Australia.

1 X 60' · AVAILABLE IN 4K
AUSTRALIAN BROADCASTING CORPORATION

With access to leading marine scientists and cutting-edge technology, this documentary reveals the pod's complex social structures, hunting strategies and communication styles, including a distinct 'Aussie accent'. It's a visually stunning and scientifically rich film offering insight into one of nature's most intelligent predators.

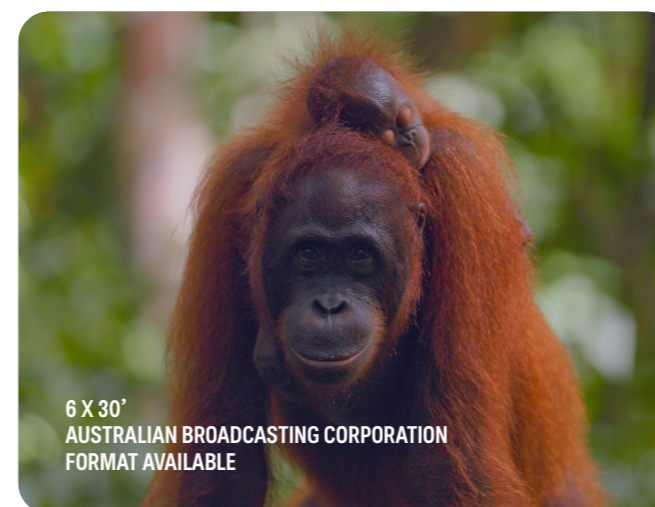

Dr Ann's Secret Lives

Unlocking nature's secrets, one species at a time

Wildlife enthusiast Dr Ann Jones guides viewers into the hidden worlds of six unique animal species: bull sharks, sea snakes, orangutans, turtles, dugongs and pangolins.

Visiting breathtaking habitats, from dense rainforests in Borneo to remote coastal regions of Australia, the ever-curious and enthusiastic Dr Ann teams up with leading conservation scientists to get up close with some of the planet's most fascinating creatures – some deadly, others gentle.

Eat the Invaders

Transforms the global biodiversity crisis into a culinary journey

Countries worldwide are grappling with massive biodiversity losses driven by invasive plants and animals, including cats, cane toads, camels, carp, deer and rabbits.

Eat the Invaders teams up scientists, land carers, artists and chefs to transform these ecological pests into gourmet dishes. Fusing art, science, politics and spectacle, the series uncovers colonial backstories, shatters food taboos and explores sustainable approaches.

'Balances perspectives on food, conservation, Indigenous knowledge, and consumer experiences, creating a well-rounded narrative'

Muster Dogs

SEASON 4

Six rookie trainers, six pups, one epic challenge. Who will rise to the top and be crowned Champion Muster Dog?

The internationally acclaimed, family-friendly hit *Muster Dogs* returns with a compelling new twist. Six rookie trainers – graziers and tree-changers with limited dog and stock handling experience – embark on a transformative 12-month journey to train elite working dogs. Paired with Border Collie or Kelpie pups and guided by expert mentors, they learn to unlock their dogs' potential while discovering their own resilience and growth.

Also available is *Muster Dogs Where Are They Now?*, a cinematic road trip revisiting the beloved trainers and dogs from *Muster Dogs*.

I Was Actually There

SEASON 2

History, as told by those who lived it

This gripping and powerful documentary series explores defining moments of history through the eyes, ears and voices of those who experienced them firsthand.

Employing an unfiltered and up-close interview style, *I Was Actually There* assembles the recollections of witnesses at the centre of the action – and others standing on the sidelines.

From the devastation of bushfires to wild true crime stories, these stories are deeply human, often confronting, and always unforgettable. History is personal.
