

ABC Kids festive cards

ABC Kids festive cards

You will need:

- Scissors
- Glue
- Coloured paper or cardboard
 - We used brown, yellow, white, red, pink and black for Duggee
- A grown-ups help.

Paper craft step-by-step guide:

1. Print out the templates

- Print two copies of your festive card template.

2. Cut out shapes

- Grab one of the templates and cut out each shape carefully.
- These cut-outs will act as stencils for tracing onto coloured paper.

3. Cut out the coloured shapes

- Use your cut-out shapes as stencils, tracing them onto the coloured paper, then cut out each one.

5. Layer and assemble

- Lay out the uncut template to use as a guide.
- Layer the coloured shapes over it to match the original design.

6. Glue everything together

- Once all the pieces are in place, glue them down carefully.

7. Write a personal message

- Add a heartfelt message inside for your loved ones — this is what makes it special!
