Step by Step:

1. Cut your paper or fabric into ears, eyes, nose, mouth and maybe even a tongue!
2. Take your paper bag and glue/tape/staple your doggy's features onto the bag. If you have buttons or googly eyes you could use these for your puppet's eyes.
3. Let's decorate! Maybe your doggy puppet has a collar with their name on it? Use your pens/pencils and stickers to decorate as you please.
4. Once your doggy hand puppet has dried, pop it on your hand and put on a Puppy Play!
