DREAM BUILD

TURNING DREAM HOMES INTO REALITY

LIFESTYLE &
ENTERTAINMENT

SERIES 1: 11 x 8'
SERIES 2: 16 x 8'

DREAM BUILD follows a group of owners lucky enough to turn the dream of building their own home into a spectacular reality. In each episode the front door opens to one of 11 contemporary and cutting edge homes, revealing what can happen when the brief is pushed on design and budget.

Each owner shares their experience of throwing down ambitious and challenging briefs to their architect in the hope of creating a 'one in a million' home. The architect reveals their design secrets and how they rose to the challenge to give their client the home of their dreams.

From the city to the country, the projects are diverse and unique. An innovative architectural design transforms an 1860s countryside ruin into a contemporary and light-filled home; a tranquil retreat with a 200 tonne stone wall is created away from the hustle of big city living; and there's an unusual brief to build a house around a car.

DREAM BUILD reveals the collaborative efforts between owners and architects to create these innovative and imaginative homes - turning once in a life time dreams into reality.
