A table showing aggregated data derived from the ABC's staff Vaccination Status survey up until 1 May 2022, specifically\*:

Category of response	Number of responses
Vaccinated (reported having received at least 1 Covid-19 vaccination)	4,480
Intend to get vaccinated	18
Intend not to get vaccinated and / or have a medical exemption	11
Prefer not to say whether or not they intend to be vaccinated	17

*\*This survey data represents 89.1 % of ABC staff nationally who are those who responded to the survey as at 1 May 2022. A person's reported intentions may or may not equate to whether they have since received a Covid-19 vaccination.*
